ADP Strategic Plan

- Goal 3: Continue to implement and monitor SACPA
- Goal 9: Improve quality, capacity and effectiveness of AOD prevention, treatment and recovery services

COSSR Goals

1. Establish a performance management infrastructure to identify and support effective programs
2. Develop and implement a secure and stable information technology infrastructure
3. Continue AOD workforce development
4. Develop and implement and treatment standards

COSSR Goals Continued

5. Assist counties to implement the SPF
6. Strengthen local capacity to develop and implement effective strategies
7. Develop and implement a recovery support services system

The Need for Evidence Based Practices in Treatment

The purpose of this meeting is to collaborate with experts, both locally and nationally in the criminal justice field, to take a look at what is working with regard to the use of Evidence Based Practices in the treatment of criminal justice-involved clients
