

**Overall
Conference
Learning
Objectives:**

At the conclusion of the conference, participants should be able to:

1. Describe at least one (1) aspect of the current state of the overdose crisis especially as it relates to US Territories and US-Affiliated Pacific Island
2. Identify at least three (3) strategies to address substance use disorders across the continuum of care and SAMHSA/CSAT's role.
3. List the three (3) levels of trauma work.
4. Describe at least two (2) trauma triggers specific to criminal justice settings.
5. Identify three (3) specific national patterns and trends in stimulant use.
6. Name at least three (3) short-term and three-long term physical and psychological effects of stimulant use.
7. Identify two (2) substances which are increasing in prevalence among Guam's youth.
8. Explain one (1) reason why data disaggregation is critical to uncover differences in risk for substance use among population subgroups.

**Continuing
Education:**

The conference course meets the qualifications for the provision of up to eight (8.0) continuing education credits/contact hours (CEs/CEHs).

UCLA Integrated Substance Abuse Programs (ISAP) is approved by the American Psychological Association to sponsor continuing education for psychologists. UCLA ISAP maintains responsibility for this program and its content.

UCLA ISAP is approved by the California Association of Marriage and Family Therapists to sponsor continuing education for LMFTs, LCSWs, LPCCs, and/or LEPs (Provider #64812). UCLA ISAP maintains responsibility for this program/course and its content.
